

PRO EXPO

EXHIBITS | GRAPHICS | SERVICES

PRO Expo Exhibits specializes in exhibit design and production of all sizes and types of environments. We work one-on-one with clients to thoroughly understand their individual objectives, allowing us to develop solid strategies that achieve our client's marketing goals through their trade show and event marketing efforts. With over 60 years of combined experience, our staff is well versed in trade shows, events, graphics, production, project management and services.

Experience + Knowledge = Success

It is this experience and knowledge united with our unique mixture of strategic and creative services that gives us the ability to develop, create and execute trade shows and events that are memorable, providing results our clients desire.

EXHIBITS

Our staff is experienced in designing creative environments for any event size and budget. Our in-house designers can produce structural concepts and 3D color renderings. In addition to booth design, we provide set-up instructions, electrical layouts, rigging diagrams and other required drawings for your event.

EXAMPLES INCLUDE:

- Lightweight Portable
- Custom Modular
- Rentals
- Outdoor Displays
- P.O.P. Displays
- Lobby Display/Permanent Installation

Contact us to find out how PRO Expo can help you with your next trade show or event!

T.E.A.M.

A DIVISION OF PRO EXPO

PRO Expo's Total Exhibit Asset Management (T.E.A.M.) Program was created to provide our clients with a totally different asset management experience. Our goal is to provide each client a customized program, designed around their specific event needs.

All of your portfolio and event information will be housed within our online system, allowing 24 hour access from your desktop, laptop or mobile device if needed. All online access is login and password protected with unlimited users.

PRO Expo can provide a total management package to include administrative services such as show service ordering and I&D coordination. Let our staff take the headache out of these administrative duties!

Specific program costs are dependent on your needs. Please contact us for an estimate and online demo to see how you can have an event experience like no other!

YOUR CUSTOMIZED T.E.A.M. PROGRAM WILL INCLUDE:

- Initial inventory and inspection of assets
- Complete exhibit set up
- Damage report and repair estimate, if applicable
- Photos for online portfolio
- Inventory spreadsheet
- Password protected online portfolio, order forms and event websites

STANDARD SERVICES:

- Asset storage
- Exhibit prep and return inspection
- Damage report and repair estimates
- Shipping coordination

ADDITIONAL SERVICES AVAILABLE:

- Repairs and refurbishments
- Exhibit rental
- Show service coordination
- I&D coordination
